The module provides Healy programs out of a variety of 72 Individualized Microcurrent Frequency (IMF) programs bundled into 6 program groups of so-called Digital Nutrition Mixtures that are designed to bioenergetically support you while consuming the recommended foods.

Bioenergetic Defense Program Group

Taking an active role in protecting your own energy

In our experience, the Bioenergetic Defense program group unfolds its effect directly in the Information Field, which reflects what we consider to be the spiritual meaning of life events.

These IMF programs are designed to energetically harmonize negative influences and protect you from energetic breakdowns.

PROGRAM GROUP

Job Program Group

Better health fuels work-related productivity

In today's hyper-connected world, it can be hard for people to switch off from work, and easy to neglect their health, even when their inner voice is calling for a break or a change of direction.

When this call is ignored for too long and if one's own limits are permanently exceeded, the body may adopt a "refusal attitude" that can lead to the deactivation of entire functional areas.

Beauty starts from the inside

The skin forms the physical boundary between the inner and outer worlds. Factors such as inner balance and bliss impact the inner beauty, which in turn influences the outer beauty.

Frequencies for Your Life

- ¹ The content displayed by the Digital Nutrition App ("DNA" for short*) does not constitute medical advice, which can only be provided by a medical professional. The substances, foods and Individualized Microcurrent Frequency Healy programs for harmonization of the Bioenergetic Field displayed are recommendations that depend on user input. If you have or suspect food intolerances, allergies, deficiencies or medical conditions, or if a supplement regimen has been recommended by a health practitioner, you should consult a physician or other healthcare professional before following these recommendations. "DNA" stands for "Digital Nutrition App" and should not be confused with genetic testing, which is not provided by Healy.
- ² "Individualized Microcurrent Frequencies" ("IMF") is a proprietary technology of Healy World. It uses the data from a physical noise generator to assign a priority to frequencies that professional user experience indicates have the highest relevance for the user. The programs for Individualized Microcurrent Frequency (IMF) are structured in terms of duration, frequencies, intensity, naming, and descriptions, drawing upon the practical expertise of specialists and our understanding of how frequency-modulated microcurrent interacts with the Bioenergetic Field. They have not been confirmed by independent studies. The Healy Individualized Microcurrent Frequency (IMF) programs are designed to support wellbeing through harmonization of the Bioenergetic Field. We have conducted unblinded before/after surveys in controlled and randomized groups of participants. These surveys suggest that the participants' wellbeing was higher after the application. We attribute this to the harmonization of the Bioenergetic Field, which we refer to as the energy flow of life, traditionally also called chi (or qi) and prana. This has not been confirmed by independent studies.
- ³ The content displayed by the HealAdvisor App does not constitute medical advice, which can only be provided by a medical professional. If you have or suspect you may have a medical condition, or if you are under the care of a healthcare professional, you should consult your practitioner before following these recommendations. Any personal data you upload to the HealAdvisor Cloud is encrypted to protect your privacy.
